

IMAGE WISELY™
Radiation Safety in
Adult Medical Imaging

This
certificate

is awarded to

Rockwood Clinic Imaging

on

December 1st, 2010

for agreeing to optimize the use of radiation in imaging adult patients and thereby pledging:

- To put my patients' safety, health and welfare first by optimizing imaging examinations to use only the radiation necessary to produce diagnostic quality images;
- To convey the principles of the Image Wisely™ campaign to the imaging team in order to ensure that my facility optimizes its use of radiation when imaging patients;
- To communicate optimal patient imaging strategies to referring physicians and to be available for consultation; and
- To routinely review imaging protocols to ensure that the least radiation necessary to acquire a diagnostic quality image is used for each examination.

Image Wisely™ is a collaboration of the American College of Radiology, Radiological Society of North America, American Society of Radiologic Technologists and American Association of Physicists in Medicine.
